**Job Title: Financial Analyst**

**Location: Dublin, Ohio**

Butler Schein Animal Health, a division of Henry Schein, is the leading companion animal health distribution company in the U.S.

Headquartered in Dublin, Ohio, we employ approximately 900 team members, including 300 field sales representatives and 200 telesales and customer support representatives. With 17 strategically positioned, state-of-the-art distribution facilities and 12 inside sales centers nationwide, we maintain a greater than 98 percent order-fill ratio, accomplishing our mission of providing the right product, at the right place and at the right time.

### **JOB SUMMARY:**

The Financial Analyst acts as a key member of the Corporate Planning and Analysis team in preparing quarterly and annual budgets, participating in quarterly and annual forecasting, conducting analysis based on company performance to budget, and participating in the development and execution of the company's strategic plan. This also includes assisting in the monthly, quarterly, and annual analyses of working capital and preparing and monitoring daily, weekly, and monthly cash forecasting.

---

### **JOB REQUIREMENTS:**

- Bachelor's Degree in Accounting, Finance, or related field required
- MBA preferred
- CPA helpful
- Minimum three to five years' experience specifically in financial and/or statistical analyses
- Working knowledge of generally accepted accounting principles
- Experience with server/web-based planning and reporting software required
- Experience with Cognos, Hyperion, or other budget management software a plus
- Strong knowledge of computerized accounting systems; advanced PC skills including Microsoft Word, Excel, Access and PowerPoint
- Excellent verbal and written communication skills
- Ability to work as part of a team, as well as with all levels of management throughout the company
- Detail oriented and organized with strong focus on data accuracy
- Ability to meet tight deadlines and handle multiple tasks/projects
- Demonstrated analytical curiosity and strong problem-solving skills; able to elicit and comprehend quantitative and qualitative information
